Fanless All in one Panel PC: Featuring Intel Celeron J1900 quad-core CPU, the fanless 15" PP1635C is a perfect POS solution. With its small footprint, it also creates more space for work efficiency.

AerPPC

True flat P-CAP touch: Featuring elegant and graceful bezel-free design. The sensitivity of P-CAP touch fulfills customers' demands based on different user scenarios.

Aluminum Die-casting housing: It is not only robust and durable but also provides a great solution for heat dissipation for CPU, RAM, and storage.
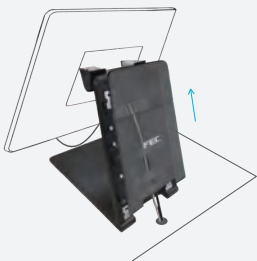

Ultra Slim

The total thickness of PP-1635C is from 27.9 to 41.7mm. It is not only slim but also with strong and durable aluminum design to maximize your working space.

Easy Swap Storage

Loose one single screw then you will be able to access the storage for easy maintenance.

Cable Management

To avoid messy cabling in working area, we offer a solution that cables can be hidden within the back cover of the stand to make working area always clean and tidy.
